Our puppies are raised following the badass breeder curriculum. They live inside with our family and have daily interactions with home sounds and children.

All puppies will be de-wormed, vaccinated, and veterinary health examined before going home.

Selection and Pick-Up Day

Puppy Selection Day takes place when the puppies are 5 weeks old, allowing you to choose your puppy either through an in-person visit to the litter, or via Facetime or Zoom. The selection process: the order of the selection is by the order of deposits received. (Also please note that the breeder has the right to keep any puppy from the litter at any time.) All the puppies will be evaluated following the Bad Ass Breeder Puppy Evaluation.

This will help us determine what kind of family each puppy needs. Each family will tell us about their lifestyle and what type of dog they are looking for. We will match puppies to families. I will give each family the options that we have picked for them, but they are still free to select any available puppy.

The go-home bag will include: puppy's health exam and shot record, toy, blanket with mom's and littermates smell, sample of current puppy food, puppy pads, and a poop bag.

Payment

The full price for a Mini Multigenerational Goldendoodle puppy from this litter will range between \$3,000.00 and \$3,500.00, depending on the coat color and size.

Before birth the \$300.00 deposit is due to reserve your spot on the waitlist, and the remaining balance is due at Go Home Date.

We accept Venmo, Zelle or cash. The first \$300.00 deposit is REFUNDABLE only until the puppies turn 6 weeks of age. After 6 weeks the deposit is NONREFUNDABLE but transferable to another litter.

Spay/Neuter

If you buy a puppy/dog from Plush Doodles, you agree to spay/neuter. All the puppies in this litter are sold as pets.
